"The Right Key For Your Investment"

A NEW SUPPORT MECHANISM FOR INVESTMENTS IN TURKEY: INVESTMENT SUPPORT OFFICES (ISO)

WHO WE ARE

In Turkey, Investment Support Offices (ISOs) have been established within Regional Development Agencies. In this context, two Investment Support Offices, one in Diyarbakir and the other in Şanlıurfa, were set up within Karacadağ Development Agency.

Investment Support Office, like a "one stop office", seeks to perform and monitor all administrative procedures on behalf of investors and entrepreneurs; to promote the investment opportunities in the region, and to improve the investment environment.

For this purpose, five Specialists, with high qualifications and diverse expertise, provide consultancy and referral services for investors.

WHAT WE DO

Support for Investors

- Monitoring and coordinating the required administrative procedures for official permissions and licenses on behalf of investors,
- Informing the investors about related legislation and guiding them throughout the application process,
- Guiding investors for the allocation of land for their investments,
- Responding to the requests of information from both domestic and international investors,
- Troubleshooting for investors,

- Organizing meetings with relevant institutions and organizations if demanded by international investors,
- Communicating with central & local authorities,
- Keeping continuous contact with key investors.

Promotion of the Region

- Promoting business and investment opportunities in Diyarbakir and Şanlıurfa at both national and international level with the Investment Support and Promotion Agency of Turkey,
- Attending national and international fairs, meetings and conferences,
- Preparing audio/visual materials for the promotion of the local opportunities for potential investors and entrepreneurs,
- Compiling and publishing guidelines for investment.

Improvement of the Investment Environment

- Identifying difficulties and challenges that may be faced by the investors and attempting to resolve such difficulties proactively, together with relevant authorities.
- Participating in researches, surveys and reviews on business issues.
